WORK EXPERIENCE

Financial Planning Analyst (CDD) **Jul 25 - Jun 26**
Allianz Trade *Paris, France*

- Led a Finance Transformation initiative, developing **6** regional Dashboard Reporting solutions (**15+** BUs) to improve financial & management reporting, saving **50+** reporting hours/year.
- Defined & standardised **16+** business KPIs (Weighted Exposure, Company Grade, Indemnitor, Maturity), enabling Decision Support for senior stakeholders via structured Financial Analysis.
- Coordinated with stakeholders to translate **10+** ad hoc business requirements (Jira) into automated MicroStrategy solutions, facilitating Cross-functional Collaboration & Stakeholder Management.
- Monitored EUR **59B+** commercial bond exposure via executive dashboards, Business Partnering with regional stakeholders.
- **Forecasted EUR 500 million+** in potential revenue for Group Surety by analyzing historical P&L data across 40+ risk partners (underwriting fees, claims, remaining exposure), identifying the top 5 highest-potential partners for contract growth.

Tools: MicroStrategy, Power BI, SQL, Jira

Financial Planning Analyst (CDD) **Aug 23 - Jul 24**
Guest Ready *Paris, France*

- Improved forecast accuracy from **20% to 5%** on EUR **125K+** monthly Operating Expenses (OPEX) for France by implementing driver-based cost estimation; reduced variance by **10%** through Budget Monitoring and Financial Planning & Cash Reporting workflows for **10+** cost centres.
- Managed pre-accounting for **10+** French cost centres - GL coding, rent accruals (Pennylane) & AP invoicing (QuickBooks, ERP) - optimizing Finance Operations & Monthly Close.
- Automated cashflow reconciliation & payment-tracking for **40+** suppliers in Excel, refining Financial Close & Cash Reporting.
- Processed EUR **150K+** supplier payments & **250+** monthly AP invoices, enhancing Payment Processing & Finance Operations.
- Prepared monthly VAT statements with the accounting team & reconstructed **3.5K+** AP invoices into audit-ready documentation.
- Reconciled BNP bank transactions, **60+** Spendesk claims & **300+** customer refunds, fortifying Cash Management & Financial Controls.

Tools: Excel, QuickBooks, Tipalti, Payhawk, Spendesk

Financial Planning Analyst (FP&A) (Fixed Term Contract) **April 20 - Aug 22**
Hair Club London *Delhi, India*

- Reduced forecast variance to **15%** for monthly revenue by building **2** driver-based financial models & running scenario/variance analysis vs. actuals.
- Reconciled 100+ monthly bank, card, AP, rent and prepaid expense transactions against BNP Paribas statements and internal records, supporting accurate month-end closing.
- Increased revenue **10%** via service pricing strategy, using Excel-based forecasting model & financial impact analysis.
- Increased quarterly revenue **188%** (EUR 10.5K - 30.5K) to EUR **324K** annual revenue (**69%** CAGR) via KPI & performance reporting for leadership Decision Support.

Tools: Excel, POS/Till Systems

PROJECTS

- **Portfolio Reporting & Risk Analytics** - Designed MicroStrategy metric logic, dashboards & data model for **16+** portfolio KPIs.
- **OPEX Forecasting Model** - Built a driver-based OPEX forecasting model in Excel, automating monthly data refresh via Spendesk integration & Google Apps Script pipeline. *(Tools: Excel, Spendesk, Google Apps Script).*
- **Month-End Accrual Model** - Built accrual calculation logic & cost centre allocation rules, automating GL coding & month-end close estimation. *(Tools: Excel, Spendesk, QuickBooks).*
